AANDJ GROUP · SHOP REPORTING SYSTEM

Shop manager guide

Accounts: mgr_cyz · mgr_sim · mgr_brw · mgr_ven · mgr_aiw

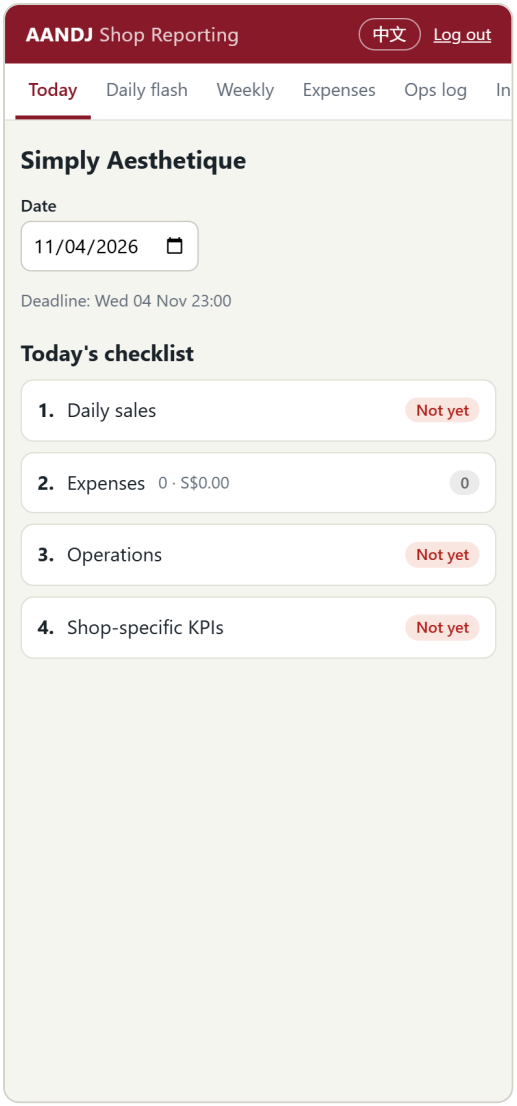

> Every day after closing, and by 11pm, you report your shop's sales, expenses, operations and KPIs. It takes about 5 minutes on your phone. You only see your own shop.

Your daily checklist

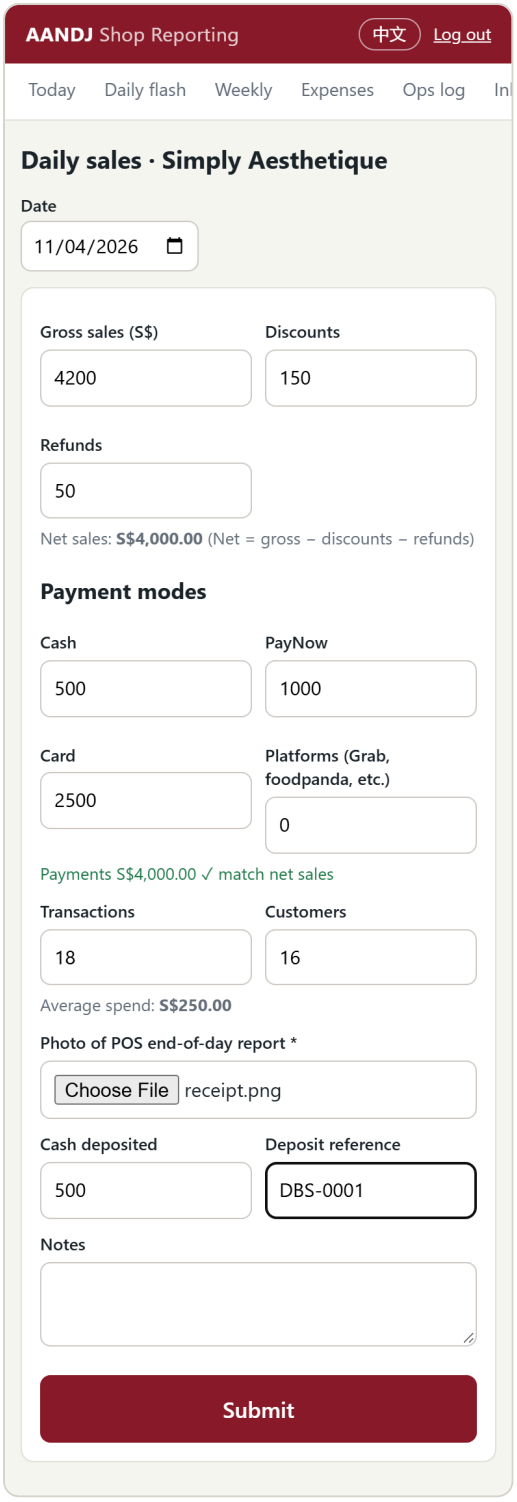

1. After signing in you land on **Today**, which is a 4-step checklist for today's date.
2. A red badge means the step isn't done yet, and green means done. Tap a row to open that form.
3. Use the date box to fill in an earlier day. Days you missed are listed under **Missing days**.

Today

Step 1 – Daily sales

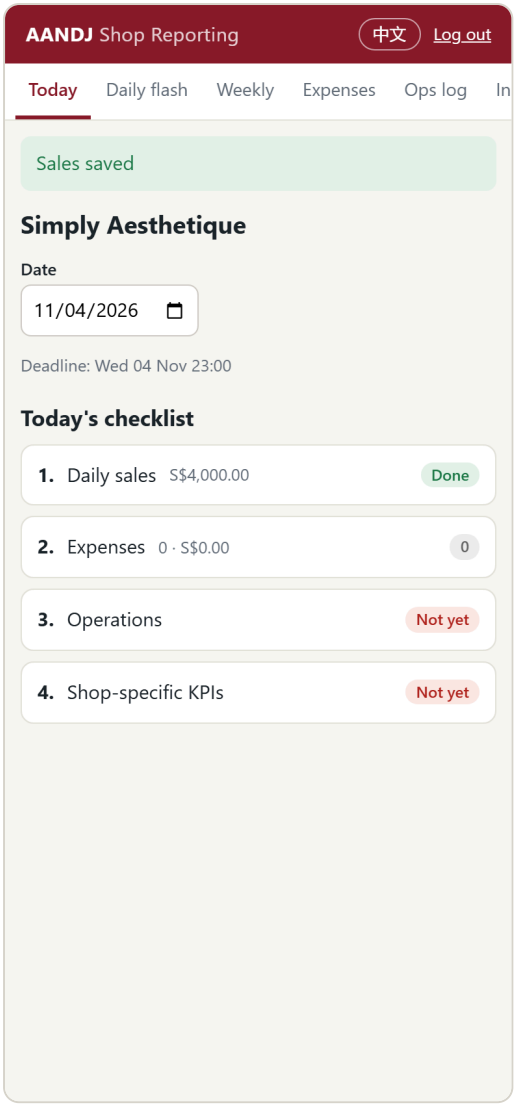

1. Enter **gross sales**, **discounts** and **refunds**. Net sales are calculated for you.
2. Enter how customers paid: cash, PayNow, card and platforms (Grab, foodpanda…).
3. The payments must add up to net sales. The line under the boxes turns green with ✓ when they match, and red when they don't.
4. Enter transactions and customers; the average spend is shown.
5. **Take a photo of the POS end-of-day report** (required), and enter the cash deposited and the deposit slip number.
6. Tap **Submit**. You can open the same day again to correct it, and every change is recorded.

Step 2 – Expenses

1. Add one line per receipt or invoice: supplier, category, amount (incl. GST), GST, payment mode.
2. Choose **Paid** or **Payable** (not yet paid).
3. A receipt or invoice photo is required. For the category **Others**, state the purpose.
4. Above **S$500** the expense goes to Finance for approval; above **S$2,000** it goes to the GM. You'll get a message when it is approved or rejected.
5. Today's expenses are listed below the form. Use **Edit** to correct one, or **void** to cancel it. Voided records are kept, never deleted.

Step 3 – Operations

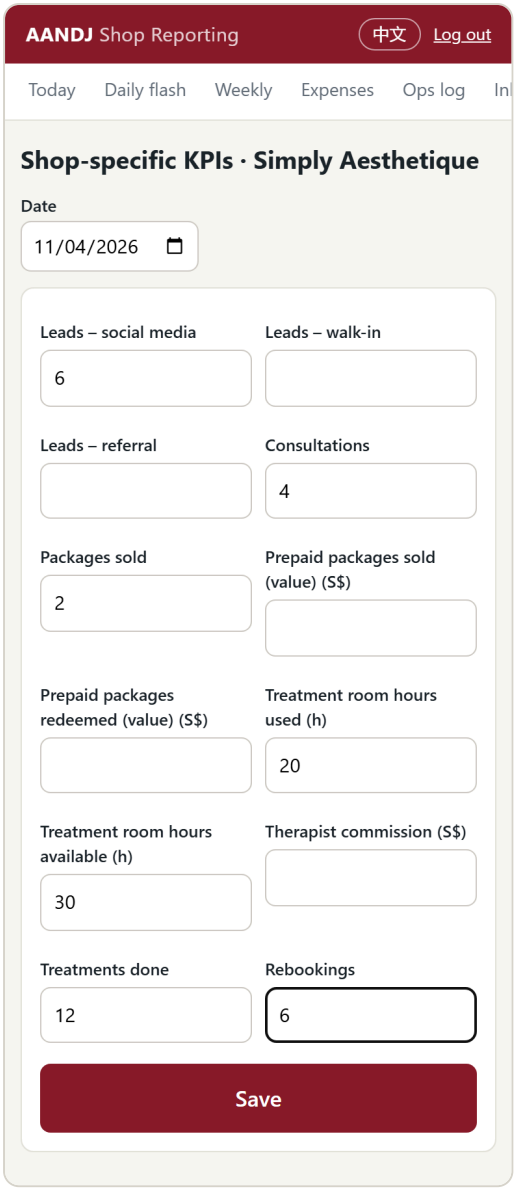

1. Staff on shift and total hours, absences and lateness, complaints and compliments, equipment, stock or wastage problems.
2. **Items needing the GM** are sent straight to the GM's inbox.
3. Do not type customers' personal details (names, phone numbers, IC numbers). This is required under PDPA.

Step 4 – Shop KPIs

1. These are the extra figures for your outlet, for example covers and wastage (Cai Yuan Zi), leads and room hours (Simply), bookings and show-ups (Brow Secrets), enquiries and rent collected (Venue), or AI checks and members (AI Wellness).
2. Fill in what applies today and tap **Save**. When all four badges are green, you're done for the day.

Your shop's numbers

1. **Daily flash** shows your sales today vs the same day last week, and month-to-date vs budget.
2. **Weekly** shows last week's sales, profit, customers and staff hours. **Expenses** lists everything recorded for your shop.
